(Govt. Aided, affiliated to the University of Kalyani Included under section 2(f) & 12 (B) of UGC Act.)

Institutional Distinctiveness (2022-2023)

Institutional Distinctiveness (2022-2023) Keeping in mind the stated vision, the college authority has prioritized women's education in this backward area. The college played a crucial role in empowering women and promoting gender equality, as practiced here in this institution. Some potential indicators of success can be noted below:

- a) Ours is the only institution in the sub-division to offer to study in science streams. So, it has been a unique opportunity, especially for the women, to realize their dream to go for higher studies in science. The male-female ratio in the science stream (approximately 70:30) is a testimony of our success in attracting the girls for higher study in science.
- b) The women students, along with other minority students can access the resources provided by the government and the same being facilitated by the college to support women's education, such as scholarships, mentoring programs, and counselling services.
- c) The success of female graduates in finding employment or pursuing further education after completing their studies, are considerably high. d) Moreover, ours is the only institution in the sub-division to have the study centers of both IGNOU and NSOU, which also have enabled the women of the locality in particular to pursue higher education.
