AFFILIATED TO THE UNIVERSITY OF KALYANI

From the Principal's Desk:

The Principal is keen to take the college, Dumkal College, to the next orbit of excellence by creating the most congenial teaching learning ambience to groom the blossoming students towards developing the right set of future citizens of India.

Though Dumkal is a backward border minority dominated area in the district of Murshidabad, West Bengal, where the physical facilities are not sufficient in comparison with other colleges in different cities, we have always been endeavoring to overcome the deficiencies with active dedication to and positive enthusiasm for its betterment. Almost 90 percent people in this area are of Muslim community and we feel it a challenge to inspire and facilitate the 1st generation students with proper guidance and up-to-date educational mechanism to discover their latent potentialities. What is most heartening is the increasing influx of Muslim/backward girls and we are committed to lead them to the appropriate track for a better future. Dumkal College primarily intends to nurture the shelved potential in students providing an ideal platform for them to channelize their creative outbursts and lend expression to their thoughts and views on various aspects in serene manner.

With experienced and dedicated teachers and excellent infrastructure, our college helps students to realize their goals in life. I encourage all students to take advantage of the opportunities provided by the college and involve themselves in all the extracurricular activities that are offered. The overall development of the mind and body is a sign of a healthy and complete development. Hard work, dedication and perseverance are the most important traits in a person that lead to success. The future belongs to you; your need, therefore, is to prepare yourself for an active participation in the world. This participation demands that you become well informed and hence develop yourself like a pioneer and ultimately grow as responsible men and women.

- Dr. Bhabesh Pramanik

Brief History:

Dumkal College was founded on 21st September, 1999 by the order of the Government of West Bengal. It is affiliated to be the University of Kalyani since its inception. The college started its functioning with a handful of students initiating their classes in B.T.High School, Dumkal. However, today's picture is one of complete transformation. It is a co-education college and it is the only institution within the locality which ran from the very beginning with all three streams - Arts, Science and Commerce.

Location:

This college is situated at Basantapur, a village with close proximity to the Indo-Bangladesh border under Dumkal Sub-division. The college is connected by a black-topped surface road with Dumkal Bus stand. It is, therefore, conveniently connected with both Berhampore and Jalangi by road.

Vision:

The primary vision of the founders of the college was to reach the unreached corners of this minority-dominated and agriculture-based backward border area of Murshidabad to cater to the higher needs of aspiring students, most of whom are first-generation learners with the promise of education for one and all to enkindle the flame of wisdom and knowledge among the masses. The college envisioned to shape the learners of the institution into well-meaning citizens of society through a socially committed, intellectually inclined and culturally motivated paradigm of learning.

Mission:

The college with its avowed mission of bringing college education within the reach of common people will stride to become the vanguard of higher education in these socially, economically, culturally and educationally disadvantageous areas of the district. It will always try to provide quality education for all, to be alive to emerging needs and challenges, to emphasize value-based teaching, to empower the students to recognize and optimize their full potential. The college shall continue to uphold its vision and commitment to society through a careful and systemic process of administrative actions and academic activities. It will always strive to maintain a secular and democratic environment within the campus and a sense of solidarity by providing a conducive academic ambience for all classes of students and teachers. It will always make an attempt to ensure to resist the flow of human trafficking, reduce the migration of human labour and motivate the girl students to continue in higher studies. The college also aims to inculcate among the students, the need for pursuing higher education and research activities.

Towards the Mission:

The college is now known in the district of Murshidabad and its neighboring districts for its high standards of discipline, for the secular outlook it imparts and also for the apolitical ambience that it maintains. Warm relationships shared by the faculty and students add to the general richness of the academic environment. The Principal at the helm of the administrative affairs is ably assisted by the competent and dedicated office staff while committed faculties who organize themselves in various committees under the Teachers' Council aid and concur with him on various academic and administrative issues.

Courses Available:

The college offers both regular Major and Minor courses.
