- The Student Satisfaction Survey (SSS) for the Academic Session 2019-20 was done manually in UGC prescribed format to the students of the college and only the regular students of the BA Honours and BSc. Honours participated in the survey.
- Total 100 students' responses were taken. amounted to 51 were from BA Honours (all subjects) and 49 were from BSc. Honours (all subjects).
- The analysis of the SSS reveals the following aspects of teaching learning process as the strong points of the college:
 - The syllabus covered by the teachers
 - Teachers' preparation for the classes
 - Ability of teachers to communicate
 - Teachers' teaching approaches
 - fairness of internal evaluation
 - o teachers' illustrations of the concept
 - o teachers' ability to identify students' weakness and helps
 - encouragement to participate in extracurricular activities by the teachers
- The result of the Student Satisfaction Survey also reveals the following challenges:
 - o the discussion on performance in assignment,
 - o institution's activities in promoting internship and student exchange,
 - mentoring process
 - o other opportunities to learn and grow.
- According to the survey the institution has the opportunity to improve its quality: monitoring and review of quality improvements of the teaching-learning process.
- The results of survey finds the following weaknesses:
 - o effort to inculcate soft skills, life skills,
 - o employability of the students.
 - taking classes using ICT tools should be improved.
