

“Blood Donation Camp”

Date: 24/03/2022

Conducted By: National Service Scheme (NSS) Unit & NCC Unit, Dumkal College

The NSS & the NCC Units of Dumkal College jointly organized a voluntary Blood Donation Camp on 24th march, 2022 in collaboration with the Blood Bank, Dumkal Super Speciality Hospital. The College provides all facilities like space, furniture, Blood group testing rooms, blood donating room with good hygiene and sanitation as per the medical standard. Dr. Bhabesh Pramanik, Hon'ble Principal, inaugurated the camp by lightening the lamp. All the people filled up the prescribed forms before donating blood. After that, the programme started at 10 am. 35 donors donated their blood. The donors were given 'Certificate of appreciation'. The blood donation programme continued till 4 pm. All the teaching non-teaching staff and the students participated with full enthusiasm and made it a great success.

Objective

1. To collect blood units but also to make students aware about blood and its benefits and to sensitize them to the need of donating blood to the needy in time.
2. It was an effort to motivate students to come forward and donate for this noble cause of helping others to breathe life with their precious donation.
3. First time donors need to be encouraged so that once the initial hesitation/ fear goes away, the donor will look forward to such camps in near future too.
4. To motivate all students to take a pledge to donate blood at least once in a year
5. To make the students aware of the scientific information about the blood group
6. To contribute, to some extent, to meet the excessive demand of blood as the surrounding community belongs to a very rural area and the local hospital does not have sufficient supply of blood bags.

Targeted community:

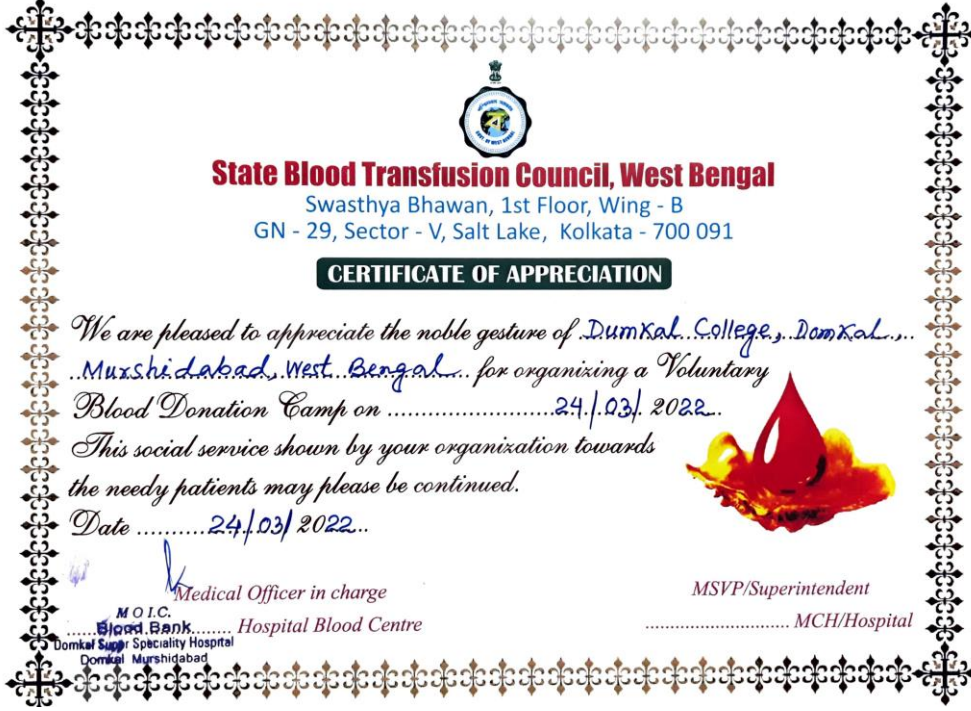

As the surrounding community belongs to a very rural area and the local hospital does not have sufficient supply of blood bags, the blood collected in this camp would contribute to meet the demand to some extent. The students also can be benefitted from the same.
